

KONAWAENA

High School

Konawaena High School Centennial October 15 & 16th, 2021

Aloha fellow alumni,

We are still very excited about the plans for the 100th year celebration for Konawaena High School as we celebrate 100 years of educational excellence, plans are moving right along. Of course, we also must be realistic about how the Covid-19 pandemic has affected all of us around the world. Luckily, the vaccination process is well underway, and we hope this will mean that there is light at the end of the tunnel for everyone to be safely immunized, and life can return to somewhat normal for all.

Restrictions have been eased and approval for larger group activities have been increasing over the last month. We are trying to stay positive and hope that restrictions will continue to lift well before our planned event. However, we know that many of the alumni are coming in from other parts of the State and Country and need advance notice so to book their accommodations and flights.

We had set the date for our absolute decision of June 15th, 2021, but now that we are seeing the States open back up, we are hoping to “Go on with the Show”, so we have **a new updated deadline of August 15th** to decide if the event will be virtual, revised to accommodate smaller groups, or make it big! With proper protocols in place of course.

Even if we are unable to meet as a group, there are always smaller groups of friends and family that would be allowed to gather so don't delay booking your travel plans as the airlines are booking up fast- and rental cars are selling out. Come to Kona anyway!

Stay in touch and keep a lookout for updated information as we move it forward.....

On behalf of the entire Konawaena High School 100 Year Centennial Celebration Committee, thank you for your time and patience. Mahalo for your support!!
