

March 13, 2020

Dear Parents & Guardians of Konawaena High Students,

Given the currently vigilant (rightfully so) climate surrounding COVID-19, we have been receiving calls from people concerned about our school and community.

We get information from the Department of Health and have not been informed of any **confirmed** cases in Kona. We acknowledge there may be individuals or families isolating themselves and staying home if they have flu-like symptoms per recommendation and as a precautionary practice.

Health and safety are of paramount importance and we will do our absolute best to keep people informed should anything change. We are encouraging everyone to please continue safe and preventative practices, wash hands often for at least 20 seconds, use an elbow bump (or shaka) instead of a handshake or high five, and avoid touching one's mouth and/or face.

We would like to thank everyone for your continued care and concern for our school and community.

Mahalo,  
Konawaena High School Administration
